WHAT I BRING

Product-oriented development

- turning ideas and requirements into functional, user-focused web applications.

Modern frontend development

- React, Next.js, JavaScript, TypeScript, responsive UI, and reusable components.

Full-stack awareness

- working with APIs, authentication, databases, server-side functionality, and production applications.

Performance & maintainability

- attention to responsive experiences, clean structure, practical architecture, and long-term maintainability.

Continuous learning

- expanding practical skills through hands-on projects and real-world implementation.

EDUCATION

Associate Degree in Computer Software — Shahid Chamran University, Rasht, Iran | 2008–2011

CERTIFICATION

Cisco Certified Network Associate (CCNA) — Issued November 2017

LANGUAGES

- Persian: Native
- English: Intermediate
- Turkish: Intermediate

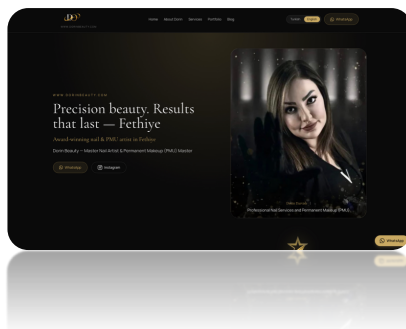

PROFESSIONAL PROFILE

Frontend Developer focused on **React, Next.js, JavaScript, and TypeScript**, with hands-on experience building modern, responsive web applications and contributing to production full-stack projects. Experienced with responsive UI development, component-based architecture, API integration, database-driven applications, multilingual web applications, and modern development workflows. My previous technical background in IT and troubleshooting has strengthened my problem-solving and analytical approach to software development.

SELECTED PROJECTS

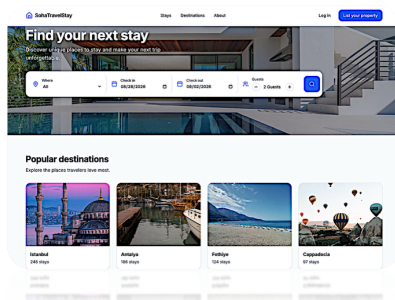

www.dorinbeauty.com

Dorin Beauty

Next.js · React · JavaScript · PostgreSQL · Prisma · Cloudinary

- Production web application developed for a real-world beauty business, combining a responsive frontend with database-driven functionality and custom content management.
- Multilingual application supporting English and Turkish, with dynamic routing, services, portfolio, blog, media management, and SEO features.
- Technology stack and application architecture selected around project requirements, with development and deployment of the live production system.

PRODUCTION APPLICATION

www.sohatravelstay.xyz

Soha Travel Stay

React 19 · TypeScript · Tailwind CSS 4 · React Router · Vite

- Modern responsive travel booking application covering search, filtering, property details, checkout, review/payment UI, and booking confirmation flows.
- Reusable React components, dynamic routing, form validation, typed data structures, and dynamic booking price calculations.

REACT SAMPLE

TECHNICAL SKILLS

Frontend: React · Next.js · JavaScript · TypeScript · HTML5 · CSS3

UI & Styling: Tailwind CSS · Material UI · Responsive Web Design

Application Development: Component Architecture · Routing · API Integration · Forms & Validation · Authentication · Multilingual Applications

Backend & Database: Node.js · Express.js · PostgreSQL · Prisma · SQL · MongoDB

Tools & Workflow: Git · GitHub · Vite · npm · REST APIs

PROFESSIONAL EXPERIENCE

Internet Support Technician / NOC Monitoring Specialist / Network+ Trainer Dec 2015 – Dec 2018
DOTAK — Iran

Internet Installation & Support Technician Mar 2014 – Aug 2015
PARS ONLINE — Iran

IT Support / Help Desk Technician Aug 2011 – Jul 2012
KASHAN RAYANEH (Iran University of Science and Technology) — Iran

Self-Employed IT Support Technician Feb 2009 – Jun 2011
SOHA STAR — Iran

IT / Network Support Technician Jul 2006 – Sep 2008
PARNAK PARDAZ PARS — Iran

"I believe in building digital products that are fast, reliable, and create real value for users."
